PROFESSIONAL SUMMARY

Computer Science Engineering student with hands-on experience building full-stack web applications and AI-driven systems. Co-author of an IEEE conference publication on intelligent railway security; skilled in React.js, Python, and database-backed application development. Proven leadership as President of the Coding Club, with active involvement in IEEE and ACM chapters.

EDUCATION

B.Tech, Computer Science Engineering â **Sreenidhi University | Expected 2028 | CGPA: 9.67**
Class XII, CBSE â Global Indian International School | 2024 | 76.2%
Class X, ICSE â Johnson Grammar School | 2022 | 84.6%

TECHNICAL SKILLS

Programming Languages: Java, Python, C++
Frontend: HTML, CSS, JavaScript, React.js, Tailwind CSS
Backend & Database: Supabase, PostgreSQL, MySQL
Libraries & Frameworks: Tkinter, OpenPyXL
Tools & Platforms: Git, GitHub, Visual Studio Code, Postman, Vercel

PROJECTS

Avento â **University Event Management Platform | React.js, Supabase, PostgreSQL, Tailwind CSS, JS** â **https://avento-seven.vercel.a**
- Developed a full-stack event management platform enabling students to discover, register for, and manage university events end-to-end.
- Designed and implemented a PostgreSQL relational schema via Supabase to handle event, user, and registration data reliably.
- Built a responsive, accessible UI with React.js and Tailwind CSS, deployed live on Vercel for real-world use.

Student Marks Evaluation System | Python, Tkinter, OpenPyXL
- Built a desktop GUI application to automatically compute entrance exam scores directly from Excel sheets, reducing manual effort.
- Used OpenPyXL to parse and process spreadsheet data programmatically for accurate, repeatable evaluation.

Birthday Calendar Automation | Python, OpenPyXL
- Automated reading of student records from Excel and sending templated birthday wishes, eliminating manual tracking.

PUBLICATIONS

P. Grandhe, B. Y. Ravindran, D. A. Kumari, E. Thakur, S. Godala, and Y. R. Babu, "An AI-Driven Dual-Linked Passenger and Baggage Verification Framework with Intelligent Surveillance for Smart Railway Security," in 2026 IEEE 9th International Conference on Trends in Electronics and Informatics (ICOEI), IEEE, 2026. DOI: 10.1109/ICOEI68323.2026.11541631

- Seamless Railway Travel: AI-Powered Passenger Verification â National Seminar on Emerging Trends in AI, MJPTBCWRDC, Wargal, Siddipet.
- Next-Gen Railway: AI-Driven Solution for Passenger Experience â Society for Learning Technologies, Vijayawada; awarded Best Paper.
- BeetleBuster: A Smart Agro-Tech Solution for Real-Time Pest Detection and Eco-Friendly Treatment in Coconut Farms â Submitted, 2025.
- AgriConnect: AI's Touch, Farmer's Growth â Submitted to the International Conference on Regenerative Ecosystems, 2025.

EXPERIENCE & LEADERSHIP

- Technical Intern â SuperApps
- Committee Member â Anti-Ragging Committee, Sreenidhi University: Support anti-ragging awareness and safe campus environment.
- Former President â Coding Club, Sreenidhi University: Organized "MIT Add Invention" and "Data Science Crash Course".
- Former Web Master â ACM Student Chapter (https://suhsc.hosting.acm.org/): Engaged in coding challenges and technical events.
- Former Member â IEEE Student Chapter: Participated in technical talks and innovation-focused events.

ACHIEVEMENTS & CERTIFICATIONS

- Best Paper Award â "Next-Gen Railway", National Level Online Paper Presentation Contest.
- First Prize â Technical Writing Competition, Sreenidhi University.

Certifications: Java Foundation (Infosys Springboard) | Python Programming, DBMS, DSA (CodeChef) | Data Science Masterclass, Operating Systems & DBMS (Scaler) | Climate Change: A Global Challenge (ISB) | Data Visualization (Woosong University)
